

Bike & Taste

CINQUE TERRE

We will cycle through the famous terraces and vineyards overlooking the sea.

Our tour starts in Biassa, a small hamlet in the municipality of La Spezia, bordering the municipality of Riomaggiore and the Cinque Terre. Pedalling on our fantastic e-bikes, we ascend through lush chestnut forests to Telegrafo Hill, where the sea air comes in strong and the Mediterranean vegetation begins to predominate.

From here we continue along the path, across breathtaking landscapes all the way to Volastra, a splendid village surrounded by the famous terraced vineyards.

The next stop is Manarola, where an aperitif with local wine tasting is planned. Afterwards, there will be free time to visit the village, have lunch and relax.

In the afternoon, return to La Spezia, cycling along the panoramic road with splendid views of the villages and the sea.
